

TORNADO SWEEPS ALL NORTH CENTRAL STATES

STORM INJURES MANY, IMPEDES TRAFFIC AND DESTROYS BUILDINGS

Leaves Trail of Wreckage Through
Populated District of Watertown,
S. D.—Storm Travels Southwest
Over Minnesota and Wisconsin.

WATERTOWN, S. D., June 23.—A score of persons injured, two of whom are expected to die and about fifty homes wrecked are the results of a tornado which struck Watertown tonight.

The storm left a trail of wreckage through a populated residential section of the city and many houses being wholly demolished. Others were unroofed and moved from foundations.

Property damage is estimated at about \$100,000.

Partial List of the Injured.

Mrs. Carl Bachlund and baby; mother cut about head; infant sustained fractured skull.

Mrs. Ecklove, of Stockholm, fractured nose, cut face.

James Hagen, fractured skull, broken shoulder, internal injuries, is expected to die.

Norman Rose, broken arm, fractured skull, seriously injured.

Mrs. Alice Sauter, bruised.

Miss Elizabeth Forest, minor injuries.

F. M. Gatchell, badly bruised.

Mrs. F. M. Gatchell, minor injuries.

Joe Anderson and son, Norman, cut about head.

Mrs. M. Fulgen, body bruised.

Mrs. Bergmaster, bruised about head.

Mr. F. S. Thomson, arm broken.

Mrs. F. S. Thomson, bruised.

The storm approached from the southwest striking the southern edge of the city and wrecking buildings in a strip about two blocks wide and twenty blocks long. Telephone service and the electric light wires went out with the storm and great confusion followed. The storm lifted the big two story barn on the John B. Hansen property and left it turned upside down on the first neighbor's barn.

Storm Does Great Damage.

St. Paul, Minn., June 23.—Developing at times into tornado proportions a wind storm with a driving rain tonight swept parts of North and South Dakota, Minnesota and western Wisconsin, demolishing wire communications, impeding traffic and razing small buildings. Evidently originating in southwestern North Dakota the storm dipped southward into South Dakota, traveling rapidly eastward. Although all sections visited by the storm suffered minor damage, the storm spent its force at Watertown, S. D., where several persons were reported injured. In the Twin Cities and other points in the storm swept district windows were broken, signs torn from their fastenings and telegraph and telephone wires put out of commission.

Destroys Wire Connections.

Chicago, June 23.—The tornado which struck Watertown, S. D., is believed to be traveling southwest over Minnesota and Wisconsin, according to reports here to the telephone companies. At a late hour tonight both companies reported that they were unable to get wire connections from Chicago to St. Paul and Minneapolis.

Nine Killed; Forty Injured.

Sioux Falls, S. D., June 23.—Communication by telephone was established late tonight to a point near Watertown, when it was learned that at least nine persons were killed, forty injured, some fatally and 300 buildings destroyed in a tornado which swept through that city early this evening. The twister destroyed entirely all communication by telegraph and telephone with the city and information was only meagre. The same despatch stated that the tornado did much other damage in the vicinity with probable loss of life.

**President's Decision on Labor
Leaders' Appeal May Be Known**

Wilson's Decision Is Sent to the Department of Justice Last Night—All Men Now Free on Bail.

Washington, June 23.—President Wilson's decision on the appeal for pardons for the twenty-four labor leaders sentenced to prison in the dynamite conspiracy case, was sent to the department of justice to night and probably will be made public tomorrow.

Through the exact nature of the president's action was carefully guarded it was generally understood in official circles that some of the minor defendants had been granted executive clemency. For Frank M. Ryan, former head of the structural iron workers convicted as chief conspirators in the campaign of destruction, even the senators and representatives who have interested themselves in the pardon appeals have held out little hope of clemency.

Thursday is the date set for the sentences. All of them are free on bail.

Since the cases have been before the president, two of the defendants Olaf A. Tveitnoe of San Francisco and Richard Houlihan of Chicago have been granted new trials. It is said that unless new evidence against them is discovered they will not be placed on trial again.

SEVENTEEN COMPANIES LIABLE FOR MANY MILLION DOLLARS

Railways Liable for Reparation on Shipments Made Since the Institution of Inter-Mountain Rate Cases

Washington, June 23.—Seventeen railway companies, constituting trans-continental freight routes, are liable, under the decision of the United States supreme court in the so-called inter-mountain cases for many millions of dollars in reparation on shipments made since the institution of the cases.

The precise amount involved in claims already filed with the interstate commerce commission has not been estimated but it approximates \$12,000,000.

Scores of cases involving amounts ranging from a few hundred dollars to hundreds of thousands, have been filed by individual shippers and by commercial and shippers' organizations acting for their members.

Neither in the original order of the commission nor in the decision of the supreme court was the question of reparation to shippers discussed. From time to time, however, in the last two years petitions setting up claims for reparation have been submitted to the commission. All of them have been held up pending final determination of the several cases.

It will be necessary for the commission now to consider these claims and to pass upon them as upon original cases. To a large extent the commission may exercise discretionary authority in the matter. The law in respect to reparation does not act automatically. Each case or claim is a subject of adjudication.

**PETRAS JURY EXPECTED TO
BE COMPLETE BY END OF WEEK**

Prisoner Has Much to Say as to Personnel of Jury Which Will Try Him For His Life.

Aurora, Ill., June 23.—Two jurors who said they would consider circumstantial evidence sufficient to hang had been accepted at the end of the second day of the trial of Anthony Petras, charged with the murder of his former sweetheart, Theresa Hollander, who was beaten to death with a club in a grave yard here on the night of February 15th. It is expected the jury will be complete by the end of the week.

Keen eyed, observant and alert, Petras is having a good deal to say as to the personnel of the jury which will try him for his life. If the men summoned do not impress him favorably he tells his counsel they will not do. Petras' young wife sat with him all day again today.

Some of the state's most valued witnesses are negroes living on the street which Petras said he traversed on the night of the murder and the prosecution laid stress on the fact that it would accept no juror who would not give a negro credence equal to that given a white person.

The defense dwelt largely on the inability of a man to commit a crime if it could be proved he was not in the place where the crime was committed.

**BUCKHORN NOSES OUT BUSKIN
IN 26TH. BROOKLYN HANDICAP**

Winner Is Owned by Wealthy Canadian Turf Patron—Value of Handicap Not Quite \$4,000.

New York, June 23.—The twenty-sixth running of the Brooklyn handicap at one mile and a quarter, at Aqueduct, Long Island, today, one of the classics of the American turf, was won by the five year old bay horse Buckhorn, carrying 113 pounds and piloted by Jockey McCahey. The winner, which is white bred by Broomstick out of Thirty Third, is owned by the wealthy Canadian turf patron, R. J. MacKenzie and trained by R. D. Adkins.

C. H. Robbins' Buskin, winner of the Metropolitan handicap a month ago, finished second, beaten by a nose, and half a length away Rockview, owned by August Belmont, was third, four lengths in front of his stable mate, Thornhill, fourth. Flying Fay was next with Old Donald McDonald sixth and Lahore, who broke down during the race, hopelessly lost.

The value of the handicap to the winner was not quite \$4,000. The time, 2:08, was slow.

**CHARGED WITH USING
U. S. MAIL TO DEFRAUD**

Government Claims Sander Electric Co. Made False Representations in Their Advertisements.

New York, June 25.—Upon the order of Postmaster General Burleson the offices here of the Sander Electric company, which carried on an extensive business in the sale of electric belts as a cure for various ills, were entered by postoffice inspectors today and the general manager, Gideon H. Melvor, was arrested on a charge of using the mails to defraud.

Warrants for the arrest of two other persons are in the hands of inspectors.

In the complaint sworn to by Postoffice Inspector Edmund Honorary Melvor and his associates sold the electric belts all over the United States, Canada, Sweden, Germany, Poland and Finland, by means of magazine and newspaper advertisements which, it is alleged, falsely represented that the belts would cure numerous diseases. The company is said to have made profits of \$50,000 a year.

HOUSE PASSES PROPOSAL TO SELL BATTLESHIPS

ONE DREADNAUGHT FROM PROCEEDS WILL BE BUILT FOR UNITED STATES

Battleships Idaho and Mississippi Will Be Sold to Greece—New American Dreadnaught For This Country Will Cost \$7,800,000, Exclusive of Armament—Other News of Washington.

TUESDAY IN CONGRESS.

Met at noon.

Inter-state commerce committee's trade commission bill was introduced as a substitute for the house measure.

Banking committee continued consideration of President Wilson's nomination to the federal reserve board.

Foreign relations committee consideration of the Nicaragua treaty.

Adjourned at 5:30 p. m. to noon Wednesday.

House.

Met at 11 a. m.

Report of the investigators in the Speer impeachment case was presented to the judiciary committee.

Conference reports on the naval bill and the agricultural bill were up for disposal.

Sundry civil bill was debated.

Agreed to conference report on naval appropriation bill including proposal to sell the battleships Idaho and Mississippi.

Set aside next Monday for motions to suspend the rules and pass miscellaneous bills on the calendar.

Agreed to conference report on fortifications appropriation bill.

Resumed consideration of the sundry civil appropriation bill.

Adjourned at 10:10 p. m. to noon Wednesday.

WASHINGTON, June 23.—The administration proposal to sell the battleships Idaho and Mississippi to Greece already approved by the senate, was passed by the house today by a vote of 174 to 87. One dreadnaught will be built with the proceeds.

The action of the house allows the house managers in conference to agree to the senate amendment, with alterations providing specific appropriations for the new dreadnaught which will cost \$7,800,000 exclusive of armament. The proceeds will be used to begin work on the vessel as soon as the sale is consummated. The proposal was agreed to in spite of the charge by Republicans on the floor that the sale meant "entangling European alliances" and would involve the United States in the Balkan troubles. Representative Padgett declared that the administration believed the sale of the two vessels would have a tendency to "preserve the peace" between the nations involved and asserted that he knew of no protest against the sale being made by either country. Secretary Daniels issued this statement tonight:

"This is a splendid thing for the navy. In the stead of these two vessels the navy will obtain a super-dreadnaught of the most advanced type, such as the Pennsylvania and not unequal to four vessels of the type of the Mississippi or Idaho."

"Battleship No. 39 has not yet been named and this year's naval appropriation bill authorizes the construction of two new battleships, which, when christened young Leviathans, therefore, on this coming Fourth of July Uncle Sam will have the pleasing paternal duty of choosing names for his first set of quadruplets."

Gives Veterans Advantage.

Washington, June 23.—The senate today passed a bill to allow federal and confederate veterans of the civil war to take the fourth class postoffice examination regardless of their age.

Attempt to Outbid U. S.

Washington, June 23.—Attempts by German interests to outbid the United States for canal across Nicaragua were revealed today to the senate foreign relations committee by Nicaraguan Minister Chamorro. The minister said Germans had urged that the \$3,000,000 offered by the United States for canal rights and other concessions was not enough.

Senator Chamorro's statement was received with surprise and led to much speculation among members of the committee. Some members understood him to mean that Germany had officially approached the Nicaraguan government and the minister's difficulty in speaking English prevented his statement from being entirely clear.

**COLONEL ROOSEVELT TO
ARRIVE THIS AFTERNOON**

Steamship Imperator With Distinguished Passenger Aboard Due to Dock in New York Today.

New York, June 23.—The steamship Imperator, with Theodore Roosevelt on board, is expected to arrive in the lower harbor late tomorrow afternoon.

A wireless dispatch received from the liner today by the agents of the company said that Col. Roosevelt had virtually recovered from his attack of fever and that he was preparing a speech to be delivered in Pittsburgh on June 30.

GREAT TRANS-ATLANTIC FLIER WELL BALANCED; EASILY HANDLED

Trial Flights Are Made in Rodman Wannamaker's Flying Boat in Which It is Hoped to Cross the Atlantic.

Hammondsport, N. Y., June 23.—Several trial flights were made here today by Rodman Wannamaker's trans-Atlantic flying boat America. The trials were successful in proving that the machine flies fast, is well balanced and is handled almost as easily as a flying boat of less than half its size and weight.

Flights in the America were made by Glenn H. Curtiss, Lieut. John C. Porte and George Hallett, all of whom express themselves as well pleased with her behavior. The pilots were more enthusiastic over the performance of the machine than was its designer, Mr. Curtiss, however.

As far as the trials went the boat did what we expected it to do," said Mr. Curtiss. "Our big problem, however, lies in raising another fifteen hundred pounds from the water. When we have done that I shall be glad to enthrone. Before we attempt to fly the machine fully loaded I intend to add some auxiliary water planes now in course of construction. Today's trials give me reason to hope that we have made no mistake in our calculations."

Experts who witnessed the flights expressed surprise at the ease with which Lieut. Porte, who is to try to pilot the craft across the Atlantic, handled the big flying boat. They had expected that the machine, which weighed approximately two tons with the load it carried today and which has a wing spread of 76 feet, would prove cumbersome and difficult to handle in the air.

**CONSERVATIVE FACTION OF
G. O. P. NOMINATES BANCROFT**

Full State Ticket Is Named by Wisconsin Republicans—Lengthy Resolutions Are Adopted.

Madison, Wis., June 23.—The conservative faction of the Republican party in convention here today nominated Levi H. Bancroft of Richmond Center for the United States senate, named a full state ticket, heard speeches criticising the state administration and adopted lengthy resolutions. Emmanuel L. Philipp of Milwaukee was named for governor and William M. Bray of Oshkosh for lieutenant governor. James G. Monahan of Darlington, temporary chairman, in his keynote speech denounced the state administration, charging extravagance. He said the state expenses had increased from \$4,000,000 annually to \$18,000,000 in the last fourteen years. He urged the abolition of many commissions.

The defeat of all pending constitutional measures, including the initiative, referendum and recall, was recommended by the report of the resolutions committee, which also favored a reasonable protective tariff, scientifically adjusted, and federal legislation to control railway capitalization.

**PLEAD WITH PARDON
BOARD FOR SEE'S RELEASE**

Disciples of "Absolute Life" Urge Members of State Board to Free Their Leader.

Joliet, Ill., June 23.—Mildred Bridges and Mona Rees, "disciples" of the "Absolute Life" pleaded with the state board of pardons today for the release of Evelyn Arthur See, convicted of abducting them. See, originator of the cult, has served eighteen months of his indeterminate sentence in the prison here.

"We have been vindicated in Chicago," Mona Rees said. "We are training about fifty children in an advanced kindergarten which we call the Young Republic. We are doing a work of good and it is all due to Mr. See."

The two young women were accompanied by Mrs. Lucille Bridges, mother of Mildred and a member of the cult, Mrs. A. J. Shirley and See's aged father, J. J. See.

**RESOLUTE DEFEATS ALL
OTHER CUP DEFENSE ASPIRANTS**

Defiance Proves a Disappointment When Three Yachts Meet at Rye, New York.

Rye, N. Y., June 23.—All three of the cup defense aspirants, the Resolute, Vanitie and the Defiance, met today for the first time in a completed race and finished in the order named, with the Resolute a winner by many minutes. It was her sixth and loneliest victory over the Vanitie. The Defiance proved a disappointment.

At one time the Defiance was more than four miles astern of the Resolute. The Resolute won the race by 16 minutes and 20 seconds in corrected time over the Vanitie and by 20 minutes and 12 seconds over the Defiance.

The race was sailed in typical Long Island Sound conditions—light fluctuating airs and smooth seas. The yachts will meet again Thursday at the annual regatta of the New York Yacht club.

GERMANS IN LOUISVILLE.

Louisville, Ky., June 23.—Hundreds of members of the German Singing Societies from various parts of the country arrived in Louisville to night to participate in the thirty-fourth Saengerfest of the North American Saengerbund which opens here tomorrow.

PLANS ARE COMPLETED FOR SIGNING PROTOCOLS

MEDIATORS INTEND TO HAVE ENTIRE PEACE PLAN READY

With Peace Plan Relating to Differences Between United States and Mexico Disposed of the Huerta and Constitutional Delegates Can Spend the Time at Informal Conferences in Selecting Provisional President and Cabinet.

NIAGARA FALLS, Ont., June 23.

Plans were completed today by the mediators for the signing within a day or two of all protocols in the peace plan which relate to the international difference between the United States and Mexico, except the plank giving the composition and personnel of the new provisional government. The intention of the mediators is to have the entire peace plan ready so that at informal conferences the Huerta and constitutional delegates may be charged with the task of selecting a provisional president and cabinet officers. Before these conferences are held the work of the mediators and the American delegates will be practically finished. Reports from New Orleans quoting the private secretary of Carranza as saying the commission enroute to Washington would not participate in informal negotiations with the Huerta delegates did not disturb the tranquility of the mediation colony. Assurances have been received from authoritative sources that the constitutionalists will be here. The expressions accredited to men who recently left General Carranza's headquarters were construed to be a part of the desire not to disclose the purposes of their mission prior to their arrival here. The signing of protocols within a day or two practically settling the international dispute between the United States and Mexico on the condition that a provisional government be established which the United States can recognize is expected to serve as an incentive to the representatives of the two Mexican factions to agree on a personnel for the provisional government.

These protocols will be published perhaps on Thursday of this week. One will get forth that within a fixed period after the United States recognizes the new government American forces shall be withdrawn from Vera Cruz and hostilities shall be declared suspended between the United States and Mexico. Another will include a declaration on the part of the United States that it desires no indemnity for expenditures resulting from the seizure of Vera Cruz but asks only the establishment of a provisional government that can guarantee international as well as national obligations. The naming of a mission to deal with claims growing out of the revolution will be arranged.

Rains Wash Out Bridges.

El Paso, Tex., June 23.—General Villa has not burned his bridges behind him in the Zacatecas campaign but the rains have washed them away. It was announced by railroad officials today that it would take a fortnight to repair the damage done between Chihuahua City and Torreon. In the meantime Villa's forces were reported preparing to attack Zacatecas at once.

Local Villa agents today said they did not know Villa's whereabouts but supposed that he had reached Fresnillo, 35 miles north of Zacatecas.

Await Carranza Delegates.

Washington, June 23.—Mexican constitutionalists in Washington still awaited tonight the arrival of their representatives enroute here with instructions from General Carranza before taking any formal action on the invitation from the American peace commissioners at Niagara Falls to meet with them and the Huerta delegates informally to discuss plans for pacification of their country.

A statement made in New Orleans today by Alfredo Breceda, one of General Carranza's confidential agents, that General Carranza held firmly to his attitude not to treat with Huerta except on the battle field and that he would not accept the invitation from Niagara Falls, brought no comment in official quarters. Despite the declarations by Mr. Breceda, members of the cabinet expressed hopeful views of the situation one of them asserting that he saw no clouds on the mediation horizon.

Plan Will Come to Naught.

New Orleans, June 23.—The latest mediation plan, that of having Huerta and Carranza delegates confer informally on a provisional president for Mexico, will come to naught if Alfredo Breceda, secretary to General Carranza and his emissary to Washington voiced the sentiment of the constitutionalists here today. Breceda declared constitutionalists would not confer with Huerta delegates formally or informally.

Breceda said he first expected to leave for Washington tonight to perform an important mission for Carranza but would not intimate what the mission was. His departure, however, was delayed, he said, because he received word late today that a messenger from Carranza wished to meet him here and he expected to leave tomorrow morning.

At the same time Breceda arrived here also came Fernando Iglesias Calderon, head of the liberal party in Mexico, but it developed tonight that their arrival was only a coincidence. Iglesias-Calderon said he was going to Washington on his own initiative and only as head of the liberal party. He said he wished to emphasize that while he had recently been in conference with Carranza

SUNDAY SCHOOL CONVENTION CONVENES IN CHICAGO

Four Thousand Delegates From All Parts of the World Assemble For Fourteenth International Meeting.

Chicago, June 23.—The fourteenth international Sunday school convention began here tonight with four thousand delegates from the four corners of the earth in attendance. William N. Hartthorn of Boston, Mass., presided at the main session held at Medinah Temple. The convention was preceded by a meeting of the executive committee at which demands of the delegates from Missouri that the eligibility or otherwise of the church of Latter Day Saints be settled were made. The subject was turned over to a special committee.

The communication from the Missouri church asked if the reorganized church is an evangelical denomination and as such entitled to issue to Sunday school teachers the joint certification of the church and the international Sunday school association. The secretary of the committee read a report signed by Shailer Mathews, dean of the Divinity School of the University of Chicago, on behalf of a committee that had investigated the question. The report said the Mormon church was ineligible because it placed the book of Mormon on a par with the bible.

James J. Park, a member of the committee from Missouri said: "Gentlemen this question ought to be settled here and now. We are tired of having no precedent to go by. If the Mormon church deserves admission let us admit it. Let me say, however, that the Christian science churches already are outside, clamoring for recognition and other sects will follow."

The Rev. William N. Dresel of Evansville, Ind., said: "No church that places the book of Mormon on an equality with the bible is evangelical."

At the temperance conference tonight the Rev. Wilbur F. Crafts of Washington, D. C. said: "An opportunity for a courageous declaration of independence will be given congress on the sixth of July when the vote will be taken on an amendment of the constitution prohibiting the manufacture, sale, importation, exportation and transportation of alcoholic liquors. Many congressmen are trembling in anticipation of that vote. Men and women voters of every part should hasten to assure their congressmen and senators that if they stand faithfully in this congress for the home against the saloon they will be supported regardless of party when they come up for re-election."

**UNIVERSITY GRADUATES
COMPLETE BAREFOOT WALK**

Walk From Philadelphia to St. Louis For Prize of \$1,000 Offered by Club.

St. Louis, June 23.—Dr. Edward W. Gilpin and Arthur Daly, recent graduates of the University of Pennsylvania, completed a barefoot walk from Philadelphia to St. Louis today. They went to the city hall and asked Mayor Kiel to give them a certificate stating that they arrived barefoot.

The men explained that a club at the university offered a prize of \$1,000 to any two men who would walk barefooted from Philadelphia to St. Louis. Six started, one dropped out at Pittsburgh, one at Indianapolis, one at Chicago and a fourth at St. Paul.

They left Philadelphia May 28.

**TWO PERSONS CONFESS TO
COMMITTING SAME CRIME**

New York, June 23.—Two persons, a man and an 18 year old girl, each told the district attorney today that the murder of Giuseppe Marino, whose body was found in a Harlem flat a month ago, was their own individual act and each denied that the other had anything to do with the crime.

The girl, Marie Magaluso, was arrested after masquerading for weeks as a man. She told the police she shot Marino when he threatened her for failing to become a party to a blackmailing scheme. The man, William Flack, said he killed Marino after robbing him. Both were held on charges of murder.

that he did not represent him on this trip and that he had no secret mission in Washington. It was considered significant that Juan F. Urcid met the Mexicans here today. Soon after his arrival from Washington he went into conference with Breceda and later talked with Mr. Iglesias-Calderon.

DEPUTY SHERIFFS AND MINERS BATTLE

CROWDS FIRE UPON OFFICERS BE- SIEGED IN MINERS HALL IN BUTTE

Officers Open Fire Upon Crowds Which Plan to Hold Meeting in the Hall—President Moyer is Present to Make Address—Official Escapes in Waiting Automobile—Several Slain During Conflict.

BULLETIN.

BUTTE, Mont., June 24.—At midnight Governor Stewart who had been in telephone communication with Butte said he had under consideration the question of ordering state troops to Butte. "He said that no difference how great the need for troops, he could not get them here tonight. At 12:34 A.M. (Wednesday) morning twenty three blasts had been exploded about the hall and front of the hall had collapsed."

BUTTE, Mont., June 23.—One man was shot to death and two others wounded, one probably fatally when crowds which pressed on Miners Hall tonight were fired upon by sheriff's deputies stationed in the hall. The meeting in the hall was to be addressed by President Moyer of the Western Federation of Labor in interest of a plan for peace between the factions of the miners' union.

Most of the shots were fired into the air by the officers. The shooting of the three men apparently took most of the nerve out of the crowd and they quickly backed a distance of two blocks from each side of the hall.

Later the besiegers returned to the attack and a battle ensued. A hundred deputies with sawed-off shotguns defended Miners' Union Hall.

Insurgent miners fired into the hall from the tops of surrounding buildings.

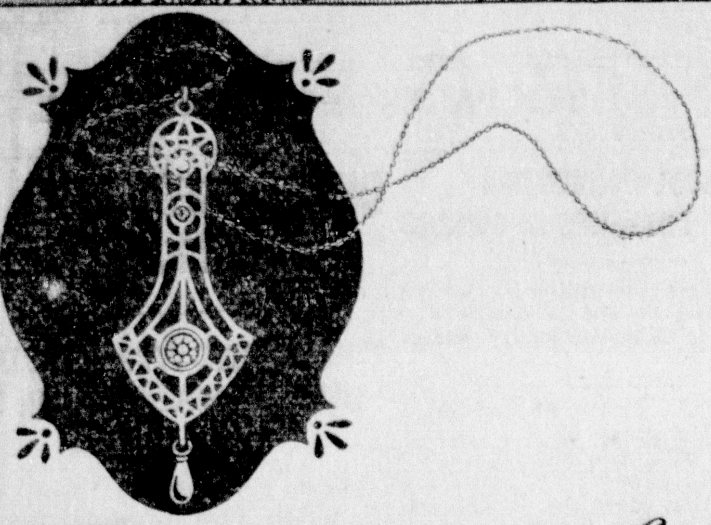

Sheriff Driscoll, shortly after the firing began and after the crowd was forced down the street appeared at the entrance of the hall and announced that he wanted five hundred deputies.

No response was made to the sheriff's appeal, save a shower of bullets which started the battle in earnest.

Deputies Fear Dynamite. Unarmed miners in the crowd rushed for their weapons and such arms as they could get. There was much shouting for dynamite among the crowd. The deputies feared dynamite had been planted under the hall and consequently would allow no one to approach within range of their guns.

Ernest Noy, traveling inspector for the Montana Democracy Bureau was shot dead. He was a bystander. The bullet passed through his neck.

J. H. Brune, 52 years old was shot through the head and cannot live. Brune was going up stairs

CASES WILL BE DECIDED THURSDAY

MOTION FOR NEW TRIALS IN HENRY AND NUNES SUITS.

Many Witnesses Examined as to Jurors in Henry Case—Other Suits Disposed of.—Court Adjourns Till Tomorrow in Memory of Late Judge Shirley.

The circuit court had a strenuous day Tuesday and the judge heard much evidence. The jury in the Henry murder case was pronounced all right and Thursday a motion for a new trial on the ground that the court erred in excluding certain evidence will be heard and then it is supposed the question of a new trial will be settled. A little evidence in the motion for a new trial in the Nunnes case was heard but nothing definite was done and that will probably be decided Thursday. Essie March, the woman in the case of the larceny of Dr. David Reid's horse and buggy, was permitted to plead guilty to petty larceny and received a sentence of thirty days in jail.

The court convened at nine and the judge announced that in honor of the memory of Judge Shirley an adjournment of one day would surely be in order. It was also his desire to attend the funeral and in order to accomplish that he would be obliged to take the 3:55 p. m. train on the Chicago & Alton south. The jury and witnesses were excused except those wanted in the motions for a new trial in the Henry and Nunnes cases.

The court then began the hearing for a new trial in the Henry case. Mr. Wilson for the defense presented his arguments which briefly summed were that the court admitted for the people improper evidence and refused proper evidence for the defense; that the court erred in limiting the time for argument though to this the court at once replied that that matter was agreed to by both sides. Mr. Wilson dwelt at considerable length on the character of the instructions regarding murder and its penalty as tending to influence the jury but there the court interposed saying that it had no bearing on the fact that the defendant had been acquitted of the charge of murder.

Claims of Error. There were also claims of error in omitting or ruling out questions of sanity and reasonable doubt and the conception of reasonable doubt was wrong. The ruling regarding deliberate act was in error. The chief question was regarding testimony tending to show the defendant's attitude toward his wife with regard to her attending meetings of the ladies' aid society. It was shown that when they met at the house of Charles Ezard he upbraided her for neglect of family duties and too much attendance on the aid society and similar gatherings. That he showed a great deal of feeling on the subject and she remonstrated with him asking him if his home wasn't well kept and his meals always good. The defense wanted to put Mrs. Henry on the stand to prove that he had gone to meetings of the ladies' aid society with her and previous to the tragedy he had not manifested any animosity to her for attending such meetings and gatherings. The court declined to let Mrs. Henry testify.

The instructions regarding reasonable doubt the court said were such as had been used by pretty much all state's attorneys and even were in printed form and sold that way. Regarding the ruling out of the evidence tending to show that they had gone to the ladies' aid society meetings together argument on that would be heard later on and meantime witnesses called to give evidence disqualifying jurors would be heard.

Several Heard on Stand. Ralph Wain, railroad agent at Sinclair, testified as follows: "I am agent for the Chicago & Alton railroad at Sinclair. I know A. A. McNeal, we are neighbors and good friends. I have heard the Henry case discussed in Mr. McNeal's store several times. The reports in the newspapers were talked over but did not hear Mr. McNeal express any opinion regarding the guilt or innocence of Mr. Henry. I do not recall his actual language."

Mr. Hairgrove for the defense remarked that they had an unwilling witness and he should tell on the stand what he had told others. He asked him if he had at any time heard Mr. McNeal express an opinion regarding Mr. Henry's guilt or innocence and what should be done with him and the witness was emphatic in saying he had not.

Here the matter grew a little more interesting and Mr. Hairgrove asked the witness if he had not said he could get \$500 for telling what he knew but he was emphatic in denying it.

At this point an affidavit was introduced by one J. W. Garrison, which was in substance:

"During last February I heard A. A. McNeal say that if he was on the jury to try John Henry he would hang the ——— of ———. I was surprised when I heard that Mr. McNeal was a member of the jury and couldn't see how he could rightly serve. I am not acquainted with Mr. Henry and have no malice against Mr. McNeal."

Judge Layman objected to the affidavit as incompetent.

A. C. Turnham of Meredosia, affidavit:

"I live in Meredosia and am acquainted very well with Mr. John Berger. About March first Mr. Berger said he meant to remove to Texas. He had a farewell reception and announced his intention of taking up his residence in Texas. He went away with that intention. I had often talked with Mr. Berger about the Henry case and had heard him say that he would not be a competent juror. I have no malice toward Mr. Berger. Others heard him say what

I have testified to but am not sure who they were. I heard Mr. Berger talk in May.

Warren Blimling testified: "I reside four miles east of Concord. For 2 1/2 years I have known Mr. Hansmeier who served as juror. I have heard him talk about the John Henry case but do not recall what he said. He did not express any opinion in my presence. I did not hear him say what should be done with Mr. Henry. I heard him talk perhaps twice, but did not hear much that was said. Others were present when I was. I do not recall what he said. He talked about the case but did not especially discuss it. The talk was when we drove a lot of hogs to the elevator at Joy Prairie. There were ten or fifteen persons present.

Walter Huston, testified as follows: "I live in the vicinity of Arcadia. Have known Mr. Hansmeier for some time. Have heard him talk about the Henry case. Once at the Joy Prairie elevator and may have heard him talk of it at other times. I did not hear him express any opinion regarding Mr. Henry's guilt or innocence. We were talking about the Henry case and possibly the Nunnes case also. I do not know who did the most talking. I was at the scales a part of the time, weighing some hogs.

Henry Rexroat testified: "I know Mr. Hansmeier and have heard him talk of the Henry case but do not recall what he said. Do not know that he said anything regarding Mr. Henry's guilt or innocence."

Oral Rexroat, testified: "I live in the vicinity of Arcadia and have known Mr. Hansmeier several years. Have heard him talk some of the Henry case but do not recall what he said except that he mentioned it was an awful crime, but did not hear him talk about Henry's guilt or innocence."

Chester Braner—I live near Arcadia and know Mr. Hansmeier, but did not hear him talk of the Henry case.

Clifford Wiswell—I live near Arcadia and know Mr. Hansmeier, but do not know that I heard him discuss the Henry murder case. Was at the Joy Prairie elevator when he was, but was outside and did not hear him talk at the time.

Samuel Chalmers—I know Mr. Hansmeier and heard him talk of the Henry case at the elevator at Joy Prairie, but don't know what was said, and I do not know that he expressed an opinion regarding the guilt of Mr. Henry.

William Koney—Live east of Concord. Know Mr. Hansmeier. Do not know that he talked much about the Henry case. Do not recall much that he said at the Joy Prairie elevator. Did not hear him say what should be done with Mr. Henry.

A. A. McNeal—I was one of the jurors who tried Mr. Henry. Am 57 years old, have wife and two children; am a merchant, have been justice of the peace continuously 25 years. I know J. W. Garrison. He is a farm hand working for A. C. Foster about two miles from Arcadia. I did not at any time use the language he said I used in his affidavit. I did talk about the case and said no one should express an opinion merely on newspaper reports for fear of doing the accused injustice, but at no time did I express an opinion regarding Mr. Henry's guilt or innocence and did not use the terms Mr. Garrison mentions in his affidavit.

John Berger Testifies.

John Berger—I was one of the jurors who tried John Henry. I live in Meredosia, am a merchant, have a wife and one child. Have lived in Meredosia twelve years and have been mayor three years. I am interested in a company and in February did go to Texas to attend to matters pertaining to it. I bought a round trip ticket and returned on it. I voted in Meredosia in April and June. The statement of Turnham that I expressed an opinion regarding Henry's guilt is a lie. I had no conversation with Turnham and don't associate with him. When I saw an automobile with Mr. Hairgrove and others going toward Meredosia I did say I guessed they were going down to get some evidence regarding me. Meredosia is my present place of residence. I have not fully decided what I shall do or where I shall live, but I am a citizen of Meredosia now.

J. W. Garrison—I live in Sinclair precinct. Am a farm laborer. I have been working in that vicinity since last December. Had worked there also some time before. Work for A. C. Foster and worked for him before. I heard Mr. McNeal talk about the Henry case in his store not long after the tragedy. Several persons were present, three or four or five. Do not recall who any of them were, but they were residents of that vicinity. It was there I heard Mr. McNeal say what I swore to in the affidavit. I told Mr. Foster and some others what I had heard. Have known Mr. Hairgrove since last year; he is Mr. Foster's attorney. Do not know how the defense found out what I knew. Mr. Hairgrove and Mr. Henry visited me at Sinclair and wanted to know what I knew. I made the affidavit at the Dunlap house. Drove in and drove back. I signed one affidavit at Sinclair and one at the hotel. I did not take any paper to the station agent to swear me. I think the agent was present at the time of the conversation I heard at Mr. McNeal's store.

Walter Redenfield of Joy Prairie had heard Mr. Hansmeier talk of the Henry case, but did not express any opinion.

Guilty of Stealing.

While more witnesses were waiting the court called up the case of Essie March. It was agreed to nolle prosequi the charge of horse stealing and reduce the charge of grand larceny to petty larceny and let the defendant plead guilty. The judge said he did this largely on account of the sex of the prisoner. He didn't mean to make a speech, but would merely say he hoped she would not do wrong any more. She had been in jail six months, and with the recommendation of the sheriff a sentence of thirty days in jail was imposed.

Nunes Case Discussed.

The Nunes case was then brought up and John M. Butler spoke at some length regarding one of the instructions given the jury. It was that the jury was to be the sole judge, and it was the duty of the jury to judge of the credibility of witnesses. This instruction he argued at considerable length.

The Henry case was then resumed and John Furry of 509 Sandusky street was examined. He knew Mr. Hansmeier and had heard him talk some about the Henry murder case, but had not heard anything in the nature of an opinion expressed.

This ended the testimony for a new trial. Mr. Hairgrove said he would like to introduce a letter written by Mr. Berger stating that he meant to move to Texas. The court said if they had the letter there it would make no difference, for nothing had been done to show that the defendant did not have a fair trial as far as Mr. Berger was concerned. He regarded Mr. Berger as a competent juror.

The court then reviewed the testimony at some length. He said he felt the jury had been competent and fair and he found nothing in the testimony to disqualify any of them. The persons of the members was certainly creditable and all that had been offered in the affidavit was not in the opinion of the court enough to disqualify any juror. He felt certain all had done their duty and had tried to be fair and impartial. As far as they were concerned there was no ground for a new trial.

Regarding the refusal to admit the evidence tending to show that previous to the tragedy Mr. Henry was well disposed toward the ladies' aid society the point was well taken. If it had been shown that they had gone together to the meetings of the ladies' aid society it would have taken in conjunction with what took place at the Ezard home. When Henry appeared at the Ezard home and attacked his wife for attending the ladies' aid meetings and it had been shown that he had been willing heretofore for her to attend it would be taken as an argument for insanity. On the other hand there was much testimony on the other side and in the other direction and the court would hear the question discussed Thursday.

In the hearing of witnesses for a new trial in the Henry case the court said he would give the widest latitude to the defense to show all they could by their witnesses.

May Wait Till Next Term.

Lloyd Hare in jail waiting trial for burglary and larceny and John A. Fletcher for forgery would probably have to wait till the next term of court for their trials.

The case of W. E. Hall, administrator, against William E. Dyer, was brought up on a motion of Judge Kirby to dismiss. A bit of merriment was caused when Judge Kirby said he had had hard work to get the opposing counsel into court. It was like the case of a slow debtor when asked to name a day when he would pay and replied the day of judgment and then said they might both be busy that day and so he would say the day after. Delay was asked by Mr. Vaught, the opposing attorney, who said he was only local attorney and the chief counsel in the case was Isaac T. Dyer of Nebo, Pike county, who should be here when the case was tried so it was set for Thursday.

The quo warranto case to decide whether Concord is duly incorporated as a town or not is also to be tried Thursday.

Girl Gets Thirty Days.

In the case of the people vs. Richard Wallace, alias Dick Wallace, and Essie March. Indictment for larceny. This case is the one in which Dr. Reid's horse was stolen by the couple. Wallace broke jail recently and has not yet been located. The charge against Essie March was reduced to petty larceny. She pleaded guilty to the charge and was sentenced to pay a fine of \$1 and costs and to serve thirty days in jail.

DEATH SUMMONS

B. W. NEGUS OF ORLEANS

Passes Away at Our Savior's Hospital Following an Operation for Appendicitis—Funeral Thursday.

The community was greatly shocked Tuesday to learn of the death of B. W. Negus, who passed away at Our Savior's hospital at 7:30 o'clock. He was taken there a few days ago in a very critical condition, suffering from appendicitis, and an operation was a last resort to save his life.

Benjamin Willard Negus was born July 1, 1872, at Bellaire, Ohio. His parents were Amasa and Lydia Negus, genuine Quakers, and he was reared in that faith and never lost his confidence and belief in it and maintained the integrity which always characterizes that people. He attended school at Martin's Ferry until his parents moved to Putnam county, Ill., but later went back to Martin's Ferry to complete his education.

He was married Dec. 19, 1900, to Miss Grace Adele Conklin, daughter of O. F. Conklin of this city, who then lived in Grand Rapids, Mich. His wife, two sons and two daughters and two brothers, Ellis or Waverly, Neb., and Caleb of Nickerson, Neb., survive him.

Soon after their marriage Mr. and Mrs. Negus moved to their farm near Orleans, where they have since resided. This farm is one of the best equipped in the county, and was recently described in the Journal. Mr. Negus dealt also to a considerable extent in fine stock and was an excellent judge of good animals. He owned some of the finest of horses and in other lines he also excelled. In his family he was loving and devoted and did all in his power for the welfare of those whom he loved. He believed in enjoying life, while he was at the same time well devoted to business. He was faithful to all to whom he was obligated and did his part for the welfare of the community in which he lived.

The funeral will be conducted at the residence of Mr. Conklin, 1515 Mount avenue, Thursday at 2:30 p. m.

THE GOVERNOR WILL SPEAK IN CENTRAL PARK

The Springfield-Hannibal association of the ocean to ocean highway will hold a good roads meeting and picnic at Griggsville Wednesday, June 24. Automobiles will leave Springfield and Hannibal early in the day for Griggsville and will be joined by others en route. The meeting will be held in the fair grounds at Griggsville and Governor Dunne and others will speak.

The governor will arrive in Jacksonville at 9:30 or later and will make an address in Central park. Jacksonville enjoys much trade from Griggsville and intermediate points. The Ocean to Ocean trail (marked with a white disc and a black double-pointed arrow) has been blazed through our city and county. Morgan county should send a big delegation along with the governor to the Griggsville meeting.

The roads are fine, the country is at its best, Griggsville is hospitable and everything points to a most enjoyable and profitable day. Take a day off, join the crowd in a gala excursion and help Jacksonville and the movement for better roads. Be neighborly and visit your friends across the river.

Auto owners who can arrange to leave Jacksonville with the governor's party are requested to decorate their cars with flags and Jacksonville pennants.

Come to the square and help show that our community is alive to the good roads movement. The Chamber of Commerce of Jacksonville.

CREDIT MEN IN SESSION. Rochester, N. Y., June 23.—The 19th annual convention of the National Association of Credit Men began in this city today and will continue three days. Nearly a thousand delegates are in attendance, a number of them being accompanied by their wives. The leading manufacturing firms and wholesale houses in large cities of the country are represented by delegates.

The elevation of business standards, foreign credits, the responsibility of credit men to prosecute commercial fraud, and self inspection as a means of decreasing fire waste are among the topics scheduled for discussion. Congressman Carter Glass will address the occasion on "The Federal Reserve Banking and Currency Law," and President Charles R. Van Hise of the University of Wisconsin will be heard on the subject of "The Nation's Business."

ENJOY HAY-RIDE

Eight couples enjoyed a pleasant evening's outing to Gravel Springs in the way of a hay-ride Tuesday evening. They left the square at 6:15, taking their supper with them. Mr. and Mrs. Harry Maddox acted as chaperons.

The party included Misses Nell Clamont, Catherine Hatfield, Lucile Ironmonger, Edna Lake, Laura Hatfield, Ethel Bishop, Ethel Jones, Messrs. Martin Cosgriff, Leo Doolin, Wilbur Houck, Harry Barnes, Warren Maddox, Harry Anderson and William Dwyer.

IMPROVEMENTS BEING MADE AT BLIND

Appropriation Made for New Building.

Extensive improvements are being made at the Illinois School for the Blind this summer. The four old fire escapes on the main building are being replaced by iron ones. A concrete walk is being laid between the boys' cottage and the hospital, a concrete floor is being laid in the bakery, while the interior of all the buildings is being painted and generally repaired.

Appropriation has been made for a new building, but it is not certain that the work will be commenced this summer.

A TRIBUTE.
In loving remembrance of Heber Abell, died June 23, 1913. It seems but yesterday since our loved one passed away. The golden gates were opened wide, A gentle voice said come, And angels from the other side, Welcomed our loved one home. A precious one from us is gone, A voice we loved is stilled, A place is vacant in our home Which never can be filled.

God in His wisdom has recalled The boon his love had given, And though the body slumbers here The soul is safe in heaven. Mother.

CARD OF THANKS.
We wish to extend our thanks to the many friends, and especially the various lodges, for their kindness and sympathy during the brief illness and after the death of our husband and father.

FRANCHISE TALK TO END.

While the members of the city council and Mr. Chubbuck representing the Illinois Traction System did not reach an agreement Tuesday morning with reference to franchise matters the action taken by the city council should serve to bring matters to a termination. The council by a unanimous vote has given the company until July 1st to accept the franchises as already adopted and if this action is not taken then ouster proceedings are to be instituted.

Under some circumstances it would be questionable as to the wisdom of this drastic action but anyone who has followed the procedure with reference to the franchises during many weary months will come to the conclusion that only some sort of forceful action will bring matters to an end. No doubt some of the delays can be attributed to the council, but the responsibility for at least the latter ones rests upon the company.

The public is thoroughly weary of franchise discussion which does not land anywhere. On the other hand the public is greatly interested in the franchise discussion which has some definite trend. It will be a desirable thing for both the public and the company to have these mooted questions settled and will in a sense restore order out of chaos. While some objections have been urged against the franchises by the company, there seems to be little question but that the real and great objection to the ordinances is the scale of prices fixed for electricity.

The maximum rate in the proposed schedule is 8c while the maximum rate now in force is 13 1-2 cents net. Possibly these rates are too low but the public understands that the Illinois public utility commission was appointed for the very purpose of settling such questions as the propriety of rates charged the public. With the side contract as discussed by council members and Mr. Chubbuck Monday it appears that the question of rates could be speedily taken before the utility commission. The duty of the commission is to see that justice is done both to the people and the corporations and neither the people nor the corporations should have any reason to fear action by this commission.

All that the public is entitled to is fair and reasonable rates and good service. The company as a public service corporation wants to give these things no doubt and wants to make only a reasonable return on the money it has invested in its Jacksonville properties. With the people and the corporation thus disposed the question really does not seem to be so very serious. Especially is this true since the state has provided in the utility commission an umpire who is to decide whether or not the people are asking too much and whether or not the company is willing to grant too little.

Franchise discussion has been going on now for several years and it is really time that some sort of a decision was reached. The action taken by the council will bring matters to a head. The company is operating without franchises but undoubtedly has rights. The law and public sentiment will both afford the company the reserved protection of these rights. Undoubtedly the council has no real desire to injure the company, has no wish to have suggested ouster proceedings culminate in the courts. The intent of the council action is no doubt to get an answer, yes or no, and if the answer is no then the effect of the action will eventually be to get affairs before the utility commission.

As a general proposition a city does not gain greatly by a continued fight against utility corporations and such a conflict is not desirable here. A company on friendly terms with a city can benefit it largely. But a company has reason to expect to be regulated and such regulation is proper and desirable. The action by the council therefore need not be construed as the beginning of a contest which may involve the city and company in a long legal struggle. It is a serious suit, but might properly be termed a friendly proceeding, brought because there seemed to be no other way to get the rights of company and city quickly determined. May the franchise matters be speedily settled, justly for the city and for the company and may the company continue to do a large and profitable and a growing business in Jacksonville is the wish of the Journal and of citizens generally.

MISSION STUDY CIRCLE PICNIC.

Last Meeting of Year is Held on the Lawn of J. W. Bowen on Lincoln Avenue.

The Mission Study Circle of the Congregational church held its last meeting of the year Tuesday afternoon and evening at the residence of Mr. and Mrs. J. W. Bowen on Lincoln avenue. The meeting was in the nature of a picnic on the lawn and between fifty and sixty were in attendance. An elaborate picnic supper was served, after which a social hour was enjoyed and a brief business session held. The report of the treasurer was most encouraging. Dr. R. O. Post was re-elected president and Miss Georgia Fairbank was re-elected treasurer of the circle and the following committees were appointed:

Program, Mrs. L. S. Doane, Miss Ione Kuechler and Mrs. Frank Irving.

Finance, Mrs. F. C. Coe, Miss Addie Abbott, Miss Edith Dahman and Miss Georgia Fairbank.

SOUTHERN WINDS SEND THE MERCURY CLIMBING

Washington, June 23.—Torrill winds from the south and southwest sent the mercury climbing all over the central, southern and western parts of the country. Coming suddenly after last week's cool weather today's high temperatures were doubly oppressive. Official thermometers registered from 90 to 98 degrees east of the Rocky Mountains, except in the lake region and in New England. The central and southern states suffered most. Louisville had a temperature of 98, Kansas City 94, St. Louis 96, Chicago 88, Pueblo, 96, while throughout Georgia the mercury generally reached the 100 mark.

Washington with 92 degrees was about the warmest city in the east. New York and Boston with temperatures of 76 and 80 were comparatively cool.

Harvest Hands Hunt Shade.

Kansas City, June 23.—Intensified by the humidity as a result of recent rains the heat sent many harvest hands to shade in Kansas today and in some towns set new temperature records for the year. Manhattan reported 100 degrees equalling the season's high temperature record and Junction City reported the hottest day of the year with the mercury at 99.

The hot weather claimed one life in the Kansas harvest fields today and has caused a shortage of help where plenty existed a few days ago.

TO SUBMIT SUFFRAGE QUESTION TO VOTERS OF MISSOURI

St. Louis, Mo., June 23.—Petitions for the submission to the voters of a constitutional amendment enfranchising women will be filed with the Missouri secretary of state at Jefferson City next Saturday, it was announced at equal suffrage headquarters today.

The petitions have been signed by 33,000 persons and will be taken to Jefferson City by a delegation from each congressional district from which the necessary amount of names were secured. Eleven women will go from St. Louis and suburbs and at Jefferson City they will meet similar delegations from other parts of the state.

May Legally Combine Plants.

Springfield, Ills., June 23.—That Springfield may legally combine its municipally-owned water and light plants and that the law permitting cities to sell energy for commercial purposes is valid was the substance of Judge Creighton's decision today in the circuit court. City Commissioner W. J. Spaulding, who led the city's fight, says he will push the work to get the city into formidable competition with the local utility corporation. The case will be appealed to the supreme court.

GRAND JURY INVESTIGATION INTO BANK AFFAIRS BEGINS

State Bank Examiner Is Ordered to Turn Over Report of His Investigation to State's Attorney Hoyne.

Chicago, June 23.—Grand jury investigation of the affairs of the La Salle Street Trust and Savings company began today, after Daniel V. Harkin, state bank examiner, had been ordered by Judge Bretano to turn the report of his investigation over to State's Attorney Hoyne. Harkin remained before the grand jury for nearly an hour.

At the same time it became known that James H. Wilkerson, United States district attorney, has been investigating the conduct of the bank officials during the time the bank was a national bank immediately after its organization.

National bank examiners aided Harkin in his investigation. Mr. Wilkerson said if their report showed any violations of law during the period the bank was under government supervision he would take action against the officials.

How I Produced 12 Pounds of Beef From One Bushel of Corn.

I bought 44 cattle through Milton Marshall & Co., St. Louis, of Henry Wright, they averaged 961 pounds, March 19, 1914 in St. Louis. I put them in dry lots March 27th, fed them all they would clean up in 30 minutes, crushed corn, cob and all then cooked in the 50 bushel size Wood's Grain Softener.

I put them on grass May 25th, they averaged 1200 lbs. when put on grass. While in dry lot I gave each steer 5 lbs. clover hay. After they ate their grain, I kept out straw before them all the time, but they would not eat over one bale of straw per day. I fed at 6 a. m. and 6 p. m., at regular hours.

I measured the grain fed with a No. 8 scoop, feeding 50 scoops at each feed or 100 scoops per day, all they would clean up. I put in 20 bushels ground cob corn and all into a 50 bushel vat. This will fill it making 50 bushels feed, which makes 4 feeds, all they will clean up. I drew 50 gallons of syrup off and added 50 gallons of water, then added 1 1-2 bushels of ground oats and shorts, with which I am feeding 80 pigs that are doing well.

I will feed the cattle about 30 days longer and would be glad to have any one interested come and see them.

MRS. WILLIAMS' LONG SICKNESS

Yields To Lydia E. Pinkham's Vegetable Compound.

Elkhart, Ind.:—"I suffered for fourteen years from organic inflammation, female weakness, pain and irregularities. The pains in my sides were increased by walking or standing on my feet and I had such awful bearing down feelings, was depressed in spirits and became thin and pale with dull, heavy eyes. I had six doctors from whom I received only temporary relief. I decided to give Lydia E. Pinkham's Vegetable Compound a fair trial and also the Sanative Wash. I have now used the remedies for four months and cannot express my thanks for what they have done for me.

"If these lines will be of any benefit you have my permission to publish them."—Mrs. SADIE WILLIAMS, 455 James Street, Elkhart, Indiana.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (Confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Baby of Future is Considered

Much thought has been given in late years to the subject of maternity. In the cities there are maternity hospitals equipped with modern methods. But most women prefer their own homes and in the towns and villages must prefer them. And since this is true we know from the great many splendid letters written on the subject that our "Mother's Friend" is a great help to expectant mothers. They write of the wonderful relief, how it seemed to allow the muscles to expand without undue strain and what a splendid influence it was on the nervous system. Such helps as "Mother's Friend" and the broader knowledge of them should have a helpful influence upon babies of the future. Science says that an infant derives its sense and builds its character from cutaneous impressions. And a tranquil mother certainly will transmit a more healthful influence than if she is extremely nervous from undue pain. This is what a host of women believe who used "Mother's Friend" during their period of expectancy.

These points are more thoroughly explained in a little book mailed free. "Mother's Friend" is sold in all drug stores and highly recommended for its timely usefulness, its safety and the real help it affords. Ask for it at the store and write us for the book. Bradfield Regulator Co., 511 Lamar Bldg., Atlanta, Ga.

The effect of this splendid external application is an expression of the thousands of women who have successfully used it and recommended it through two generations.

CRISIS REACHED WITH FRANCHISES

COUNCIL GIVES COMPANY TO JULY 1ST TO ACCEPT.

Ouster Proceedings To Begin If Acceptance Has Not Been Filed By That Date—Action Followed Notice by Mr. Chubbuck That He and City Attorney Were Unable To Hold Proposed Conference.

The expected final conference between General Manager Chubbuck and the city council scheduled for Tuesday morning did not occur. Instead Mr. Chubbuck notified the council that he had been unable to meet City Attorney Thompson Monday night and that he therefore would not be able to take up the franchise matters until the second week in July.

This announcement was received by the council without comment and subsequently a brief session was held, and a motion was passed whereby the company is given until July 1 to accept the franchise as already passed. If such acceptance is not filed by July 1, then the city attorney is instructed to begin ouster proceedings.

Mr. Chubbuck and Mr. Miser arrived at the city building shortly before ten o'clock and awaited in the office of Mayor Davis until all the council members had assembled. No formal meeting was held at that time, but when the entire council had gathered in the mayor's office Mr. Chubbuck stated that he had been unable to have the expected conference with City Attorney Thompson when it had been his intention to go over the franchise and suggest a number of changes in the franchise.

Mr. Chubbuck said that Mr. Thompson was busy in court Monday night until after ten o'clock and that he would be busy there during the day. The traction manager then went on to say that it would be impossible for him and Mr. Thompson to get together now for a number of days and that he would so arrange his plans that the ordinances could be gone over and be ready again for presentation to the council sometime beginning July 5th.

The proposition or announcement made by Mr. Chubbuck was received by the council members practically without comment. After he and Mr. Miser had left the building the council members and newspaper representatives remained in the mayor's office for a few minutes. During this time the council members were also strangely silent and none of them had any particular comment to make other than expressing of opinion that the company didn't really want franchises and that the only way to ever bring matters to a head was through the means afforded by the courts.

It seems, however, from subsequent action that the council members were simply waiting for a private caucus. This was speedily agreed that the only course opened for them in view of the continued delay tactics followed by the company was to set a definite time for the acceptance or refusal of the franchises. It was agreed that the time should be extended to July 1st and that if acceptance had not been filed that ouster proceedings would be commenced.

Then the council adjourned from the mayor's office to the council chamber and a formal session was held. The roll call made after Mayor Davis called the session to order showed that all members were present. Mr. Newman, with a second by Mr. Knollenberg, made the following motion:

"That the time of acceptance of the street railway, gas and electric franchises as passed by the city council be extended to July 1st, 1914, and that the city clerk be instructed to notify the Illinois Traction System that if its acceptance of the franchises is not filed with the city clerk on or before that day, that the city attorney will be instructed to begin ouster proceedings."

This motion was passed by a unanimous vote. Subsequently a copy of the council's order was delivered by Mr. Knollenberg to Mr. Chubbuck's private secretary at the office of the Railway and Light company.

The Bee

By WALT MASON.

The busy little bee is called a model, by some bories, for it never stops. It is always doing up its chores. It scoots around, in frantic haste, and bumbles as it flies; it lets no moment go to waste, and that, we know, is wise. And as from flower to flower it bolts unless you stand aside it sends about a million volts of lightning through you hide.

Now industry is bulky goods, but it should be seasoned be in your most impatient moods, with tact and courtesy. Because moral right to make its red-hot stinger whiz into me out of sight. The bee's no model for the gent who'd do the proper thing, for he, though on business bent, will not bystanders sting; he captivates, by winning ways, the ancient and the young, and as he stings no other stings, he'll not by them be stung. The bee is always out for scraps, its head is always sore, it shoots its venom into chaps it never saw before; and e'en the ladies and the kids it stings as home it flees, and so we ought to put the lids upon the bumble bees.

STATE NEWS IN BRIEF.

Charles Dukes, aged 32, a Lithuanian coal miner, was drowned at the Burlington Railroad reservoir, north of Herrin Monday. He was trying to learn to swim.

Albert White, who came to Quincy from Labelle, Mo., where his parents are living, was drowned Monday afternoon while swimming in Bridge Slough, Mo., two miles north of Quincy.

Anton Kohlruss, employed in the mine of the Madison Coal corporation at Divernon, fell dead in the mine at 7:15 o'clock Monday morning, shortly after he had begun working. Coroner Rhodes held an inquest at Divernon, the jury verdict being that death was due to a sudden attack of heart trouble.

Recommendations that seven saloons be refused licenses at the expiration of their present grants, were made Monday by Police Chief Underwood to Mayor Schnepf, on the grounds that those who have come under the police ban, have failed to abide by police regulations. New licenses for saloons are due the city July 1.

A new kind of contest is proposed for the coming state fair. It will be a "Better Babies Contest," if plans carry. Not that it is believed a contest of this sort can result in a betterment of the human species, but it is the belief of those back of the plan that it will work out successfully. It is proposed to exhibit babies and judge them scientifically, physicians serving as the judges.

William Dobson, aged 7, of Decatur, was instantly killed Sunday morning when an automobile driven by James Wood, of Lodge, turned turtle near Ivesdale, Ill., pinning eight occupants underneath. The driver's daughter, Stella, was badly cut about the head and the boy's parents and four children were bruised up. Two tires blew up as the machine struck a crossing.

With the words "All I had to live for lies buried here," Ben W. Bennett of Dixon swallowed a teaspoon full of arsenic at his wife's grave Sunday. He was found by Dr. Marion White a few minutes afterward, but too late to save him. Efforts to locate his only relative, a daughter, Mrs. Bessie Langdon, for whom awaits \$1000 life insurance money, failed.

The Irvington election contest was decided in the county court at Nashville Saturday by Judge George D. Webb of Mount Vernon in favor of the drys. At the election, April 21, the village of Irvington went dry by 28 votes, the women's majority being 20 and the men's majority 8. The license people contested the election because voters in the petition had not given their street addresses. The judge held that this did not invalidate the election.

J. K. Acton, for the past two years commercial manager for the Central Union Telephone company in Beardstown, has tendered his resignation to the company. The resignation has been accepted and Mr. Acton's term of service with the telephone company will be severed on or about July 1st. His successor has not been named.

Because his older brother, Marion Forbes, aged 32, had ordered him out of the house in which they were riding for using profane language in the presence of his wife, Harry Forbes, aged 22, ran across a corn field, got a shotgun, met his brother at his home and shot and killed him. Mrs. Forbes tried to save her husband's life, but the shot was fired just as she seized the gun. The Forbes' live five miles northwest of Stonington.

Two hundred boys and girls marched to the Illinois Central station at Herrin Saturday afternoon to meet Bishop Althoff of the Belleville Diocese and escort him to St. Mary's church, where he confirmed over 200 children. He preached in Italian, English and Polish. It was the greatest day among the Catholics at Herrin this year.

In the Adams County Criminal Court Monday, eighty witnesses summoned to appear in the Pfanschmidt murder trial, ordered to take place in Macomb on change of venue in September, answered to roll call before Judge Akers. Seventy-nine of the number furnished bonds of \$200 each for recognizance, and one of the number, Clarence Crinbaugh, who refused to furnish bond for appearance, was sent to jail for contempt of court.

Deep interest centered at the Alton river front Sunday in the performance of two "home-made" yachts, built by the owners, Arthur Sonntag and Theodore Masel. The two boats were constructed by the owners in a vacant store room they had rented and all work was done in the spare time of the builders. When finished the two boats were too large to be taken from the room without removing a large plate show window. The two yachts are built of solid mahogany planks, only the trimmings being of oak, and they are said to be the handsomest boats ever put into the river at Alton. Both are built on speed lines and there is intense rivalry among owners of speedboats at Alton, which will be complicated by the advent of the two new flyers.

ACCUSED OF MURDERING HER HUSBAND.

Wichita, Kas., June 23.—Much interest is manifested in the case of Mrs. Grace E. Patton, who was arraigned in court today for trial on a charge of having murdered her husband, J. A. Patton, the victim of the alleged crime, was a well known grocer of this city. He was shot and killed in his home on Dec. 10, 1912.

UNABLE TO RECOMMEND ANY DEFINITE DECISION

HOUSE SUBCOMMITTEE REPORTS ON SPEER INVESTIGATION.

Conclusion Admits Inability to Either Recommend Complete Acquittal of Macon, Ga., Federal Judge of All Charges or an Impeachment—Official Actions Approach "Condition of Tyranny and Oppression."

Washington, June 23.—Reports of the investigators who took testimony on the impeachment charges against Federal Judge Emory Speer of Macon, Ga., were presented today to the house judiciary committee which postponed deciding what recommendations it will make to the house.

The majority report condemned many of Judge Speer's acts complained of but found them short of reason for impeachment and held the case did not warrant further proceedings. That was the finding of Chairman Webb and Representative Fitzhenry.

Representative Volstead, as a minority, held Judge Speer should be entirely exonerated. The judiciary committee is expected to adopt the majority report.

No Definite Recommendation. "The sub-committee regrets its inability to either recommend a complete acquittal of Judge Speer of all culpability so far as these charges are concerned, on the one hand, or an impeachment, on the other hand."

This was the conclusion submitted to the house judiciary committee today by the special subcommittee that for months has been investigating charges of official misconduct filed against Emory Speer, of Macon, federal judge for the southern district of Georgia.

The report, after an exhaustive resume of the evidence with severe comments, held that some of Judge Speer's official actions "tend to approach a condition of tyranny and oppression," but recommended that no further proceedings be had by the house.

These conclusions now rest with the full committee on judiciary, which is expected to report them to the house for final disposition of the case before the adjournment of the present session of congress. The subcommittee comprises Representatives Webb of North Carolina, Fitzhenry of Illinois, Democrats, and Volstead of Minnesota, Republican.

Mr. Volstead in a minority report, similarly declaring that there is no evidence warranting impeachment, will attack the majority of the subcommittee for criticizing a judge they declare not guilty of any impeachable offense.

Nineteen charges were filed with the committee. They alleged, among other things, that Judge Speer entertained matters beyond his court's jurisdiction, allowed excessive trustee fees to a personal friend, used his official position for preferment of his son-in-law, A. H. Heyward, abused his authority by domestic use of government paid court employees, violated laws regarding the drawing of jurors, and dissipated bankrupt estates by appointing unnecessary officials and allowing excessive fees.

Another charge was that, in the case of Henry Jamison, a Macon negro, Judge Speer defied the mandates of the supreme court of the United States and the circuit court of appeals.

The subcommittee's conclusions follow: "The conclusion of the subcommittee deduced from the evidence taken and from the construction of the precedents of impeachment trials, is that at the present time satisfactory evidence sufficient to support a conviction upon a trial by the senate is not obtainable.

"In the conduct of the hearings the committee was extremely liberal and did not confine the witnesses to the giving of technically legal evidence. Much evidence of a heresy was received. The committee felt justified in such a course in the light of the fact that it came to the attention of the committee that many witnesses were apprehensive of the consequences of giving evidence against Judge Speer in the event of his acquittal. This feeling and the general disposition on the part of individuals to protect themselves against what was termed the "wrath" of Judge Speer kept from the committee the names of the witnesses and a knowledge of the facts in their possession. Many of the witnesses necessary to sustain some of the charges made are dead. Others have removed from the southern district of Georgia and their whereabouts are unknown.

"Another phase of the record is that it details a large number of official acts on the part of Judge Speer which are in themselves legal, yet, when taken together, develop into a system tending to approach a condition of tyranny and oppression. There has been an inequitable exercise of judicial discretion, many instances of which have been frequently criticized where the cases in which they were committed have been reviewed by the court of appeal, while in others litigants were unable financially to prosecute appeals. That the power of the courts has been exercised in a despotic and autocratic manner by the judge can not be questioned.

The Jamison case is one of many instances shown by the record where the judge, without taint of individual corruption and with the apparently laudable purpose of purifying the community and inaugurating a civic reform, disregarded the law and apparently considered that the end justified the means. "The record shows instances where the judge sitting in the trial of criminal cases, apparently forced pleas of guilty from defendants or convictions, and there is strong evi-

Kansas City, 5; Pittsburgh, 2. Kansas City, June 23.—Adams' teammates gave him an early lead in today's game and he was never in danger, the locals defeating Pittsburgh 5 to 2.

The visitors' errors were costly. Score: R. H. E. Pittsburgh .000 100 010—2 6 3 Kansas City .021 000 025—5 9 2 Batteries—Walker and Berry; Adams and Easterly.

Baltimore, 8; St. Louis, 5. St. Louis, Mo., June 23.—Though they had not made a hit before St. Louis rallied in the sixth and hit Wilhelm for five runs, tying today's game temporarily. In the next three innings Keupner who was sent in to rescue the local team gave the visitors three more runs and a 8 to 5 victory.

Score: R. H. E. Baltimore .203 000 210—8 12 2 St. Louis .000 005 000—5 5 4 Batteries—Wilhelm, Quinn and Jackitsch; Davenport, Keupner and Simon.

Buffalo, 4; Chicago, 2. Chicago, June 23.—Errors by Stanley paved the way for a 4 to 2 victory for the Buffalo Federals over Chicago today. A timely hit by Hanford drove in the winning run in the eighth.

Beck's home run in the seventh gave Chicago a temporary lead. Score: R. H. E. Buffalo .000 100 021—4 6 1 Chicago .000 000 200—2 6 2 Batteries—Anderson, Ford and Lavigne, Blair, Watson, Hendrix and Wilson.

GEMS WIN EIGHTEEN INNING BATTLE 1 TO 0

Bloomers Are Unable to Connect Safely With Men on Bases and Lose Record Game of Season.

Bloomington, Ill., June 23.—Inability to hit with men on the bases cost Bloomington a record game of Three Eye season, three men being caught at the plate. Dang's double and two sacrifice hits gave Quincy the game in the eighteenth.

Many sensational fielding plays were pulled off, the work of Kahl, Gurtz, Donica and O'Berta featuring. Score: R. H. E. Quincy .000 000 000 000 001—1 8 1 Bloomington .000 000 000 000 000—0 11 0 Batteries—Tretter and Ketter; Marks and Keupner.

Davenport, 11; Danville, 0. Danville, Ill., June 23.—Neal was no puzzle to Davenport and the visitors romped away with the game, 11 to 0. Making a clean sweep of the series.

Score: R. H. E. Danville .000 000 000—0 11 2 Davenport .001 103 132—11 14 1 Batteries—Neal and Erloff; Hendrix and O'Leary.

CARDS CAPTURE SLUGGEST FROM PHILADELPHIA 7 TO 5

Total of Twenty Four Hits Are Made During Game With St. Louis Winning—Dodgers Trim Pirates.

Philadelphia, June 23.—St. Louis won from Philadelphia by knocking Rixey off today and the Pittsburghs 7 to 5. Jacobs, who succeeded Rixey did excellent work but Steele who took Hagerman's place in the second held the home team in check until the eighth when a pass to Cravath, Luderus' single and Paskert's triple scored three runs.

Score: R. H. E. St. Louis .105 000 010—7 13 0 Philadelphia .110 000 030—5 11 4 Batteries—Steele, Hagerman and Snyder; Jacobs, Rixey and Killifer.

PRINCE OF WALES IS 20 YEARS OLD.

London, June 23.—The Prince of Wales celebrated his 20th birthday anniversary today and was the recipient of many presents and messages of greeting from his royal relatives and friends. The anniversary was officially observed by the ringing of the bells of St. George's chapel and of Windsor parish church, and the firing of an artillery salute in the Long Walk, Windsor Great park.

Born at White Lodge, Richmond park, June 23, 1894, his royal highness was baptised there some three weeks later as Edward Albert, Christian George Andrew Patrick David, thus combining the names of his father, his grandfather and his great-grandfather with those of his mother, of England, Scotland, Ireland and Wales. In 1907 he passed the qualifying examination for the royal navy and entered Osborne college. He completed his course of instruction there in two years and then entered Dartmouth college.

On the accession of his father, King George, to the throne on May 6, 1910, Prince Edward succeeded to the dukedom of Cornwall and to the Scottish titles of Duke of Rothesay, Earl of Carrick, Baron of Renfrew, Lord of Wales and Earl of Chester.

The Prince of Wales was sent to Oxford to complete his education. He is now rated as a lieutenant in the royal navy and within another year will probably make a world cruise, as did his father and grandfather in their youth. Ten days ago the young prince performed his first public ceremony, laying the cornerstone of a new church on his own London estate.

ARE YOU GOING AWAY FOR THE SUMMER?

You will need the Jacksonville Journal and you can have it every day. If possible you will appreciate it even more highly than when you are in the city. It will be better than a long daily letter from your dearest friend at home. It will keep you in touch with Jacksonville, besides giving you, as always, all the news of all the earth.

Call up the Circulation Department, either phone, 64. Or if convenient to you and to prevent any possible mistake in transmitting telephone message, just mail a post card to The Jacksonville Journal Co., giving both the old and new address, and the change will be promptly made.

Price of Journal to any postoffice in the United States (address changed as often as desired) is ten cents per week.

A NOTABLE HERO.

Mrs. James I. Barrows has received from California friends a paper containing an account of the wreck of the Santa Fe California limited, a luxurious train which has a record of ten years without a wreck. The trouble in this case was probably due to the carelessness of a freight train brakeman who left an open switch closed. A head on collision between the limited and his train on the siding. The greatest praise is bestowed on Conductor Barrows who though badly hurt, wrought indefatigably for the relief of the 23 injured passengers. He was called a hero in unmeasured terms. He is a cousin of Edward Barrows in the southwest part of the county and his mother was one of the Blackburns so well known near Ebenezer.

EAGLES FLOCK TO HELENA.

Helena, Mont., June 23.—Dressed in the brightest holiday array, Helena today gave a hearty welcome to the hundreds of members of the Fraternal Order of Eagles who flocked here from every part of Montana for their annual state convention. The program covers four days and is the most attractive ever prepared for a convention of the fraternity in this state. Prominent among those in charge of the entertainment of the visitors is Governor S. V. Stewart, who is a past president of the order. In addition to the business session there will be a big street parade, a night electrical pageant, a mammoth banquet, band concerts, receptions and a grand ball.

COMMEMORABLE CLOSING THE FOURTH.

The following business houses will be closed all day July Fourth, Phelps & Osborne, Harmon's Dry Goods Store, J. Herman, F. J. Waddell & 10 cent store, S. S. Kresge 5 and 10 cent store, F. Woolworth Co. 5 and 10 cent store, Floreth Co., Strauss' Emporium, Hillier's dry goods store, L. C. & R. E. Henry, Mrs. Stallings. Let the good work go on.

SOME OFF-SIDE CHUTES.

Yesterday's press reports indicated that the Pirates had failed to obtain waivers on Marty O'Toole, the \$22,500 pitcher. What club refused to let him be banished to the bush is not known; but Dreyfuss stated he did not care to carry the player any longer and would seek some sort of a trade with another National league club. An ever-present jinx has kept O'Toole in the shade from the first day he connected with Pittsburgh. First he bumped into injuries that shook his confidence; then he harvested a case of typhoid fever, which was followed by appendicitis. Since recovering from an operation to relieve the latter he has been hitting the toboggan at a fast clip. A change of scene may bring him back.

Indianapolis Federals appear to be the real goods in the outlay organization. Including Monday's doubleheader, the team had won thirteen straight. Nearly all of the Federal swarms appear to be gathered on the team, home runs, doubles and triples being as plentiful as errors, and the latter total up "handsomely."

Ty Cobb hit into more trouble at Detroit Monday afternoon. Driving home from a doctor's office he shot his automobile into a grocer's wagon, demolishing the provender cart and wrecking his Chalmers trophy. The grocer has promised Tyrus a civil suit for damages.

Hal Chase hopped out of Chicago and was put off at Buffalo Monday so that he might beat service to appear in court to explain why he should not be compelled to carry out his Sox contract. Buffalo is yet a part of the United States, so that one of Mr. Wilson's federal marshals will have little trouble in boxing the hopper and shipping him back to enjoy the cooling lake breezes. He will need considerable cooling before he gets out of the legal entanglement he so willingly allowed himself to be placed.

New York put a crimp in the pennant ambitions of Herzog and his team of red legs. In the series ending yesterday Cincinnati was about as soft for the Giants as the Dodgers usually are.

Although the Athletics got but two hits in their last game at St. Louis and the Browns touched Plank for nine, the champions bagged the game 3 to 2. Leverenz, who was in the box for St. Louis, issued eight passes, and these with Murphy's four-put hit caused his undoing.

Rumler, a youngster who has been putting up a classy article of baseball for the Browns, on Monday in chasing a home run drive by Murphy of Philadelphia, crashed into the rightfield fence and was knocked unconscious.

Kansas City athletes have become crazy with the heat, so much so that the Kaw Athletic club is engaged in a polo tournament.

In Chicago's black belt the colored sports are giving odds of 2 to 1 on Jack Johnson against Frank Moran. Jack has sent word to some of his friends to bet the limit on his chances, because he expects to finish the Pittsburgh man easier than he did Jeffries. In condition there is no reason why Jack should let the fight drag the Jeffries distance.

Judge Sanborn's remarks concerning the meaning of a baseball contract must have been a solar-plexus for the Federal league. Armando Marsans today realizes the meaning. He will remain on the ground under a writ of injunction until the case has been settled in the St. Louis courts.

A rumor that John Ganzel is soon to become manager of one of the major league teams appears to have no foundation. Ganzel's contract with Rochester of the International league has two more years to run, and up to date he has made no motion for his release.

Winnipeg has established a new record for attendance at Class C games. The Canadian city for three games attracted an average daily attendance of 10,000. Grand Forks, N. D., is a good second with an average turnstile count of over 9,000. The teams in the Northern league are enjoying a prosperous season.

Abe Attel is making ready to attempt to comeback. On July 4 at Evansville, Ind., he will hook up with Chick Evans for ten rounds.

Dr. E. O. Gable Is Having Great Success In Jacksonville

He will be at the Hotel Dunlap on his next visit from 9 a. m. Wednesday, June 24, until 8 p. m. Friday, June 26

Dr. Edwin O. Gable Neuropathic Specialist.

Dr. Gable is glad to announce that he will make his return visit to Jacksonville on the above dates. He expects to make these trips each month. Dr. Gable has stirred up more interest and enthusiasm among the people of and around Jacksonville than any outside specialist ever visiting here.

His new system of treatment of chronic diseases is a combination of treatment that works through the spinal nerves, through the stomach, liver, kidneys, blood and circulation. When the blood is circulating normally and freely through any organ or tissue of the body there can be no weakness no matter whether it is nerve trouble, kidney trouble or weakness of any organ in the body. The weakness is caused from want of perfect circulation with pressure on the nerves and muscles gradually give down and lose power and vigor.

Dr. Gable states that on his last visit here he was much delighted with his success and the reception he has received among the people of Jacksonville. He has been busy each day at the hotel from morning until night, and he is having the greatest success. Many chronic cases that had resisted other doctors and treatments have been given relief. The doctor says he has treated cases of chronic heart trouble and given them almost immediate relief, because when the nerve power is increased around the heart the blood begins to circulate through the organs more normally. This causes the heart muscles to take on renewed life and strength, and you are bound to get relief. He states that he has relieved many cases of chronic kidney trouble where the kidneys were clogged up, where the little tubules would not functionate normally. With this new system of treatment, internally and to the spinal nerves, they get quick relief. In irritation of the bladder, chronic bladder troubles, when poison is removed from the water, and the secretions are thrown off normally, there is immediate relief to the bladder symptoms. Chronic constipation comes from weak muscles and weak nerves of the bowels. His combined treatment to the spine and internal, gives almost immediate relief. This is true with other troubles, dyspepsia, gas and fermentation. As soon as the congestion is relieved nerve power is restored to the stomach, the natural gastric juice is thrown out and does its work without assistance. Where the patient is nervous and high strung, excitable and has insomnia, sick headache, palpitation, and is easily frightened they get almost immediate relief with this new system of treatment. He wants to explain personally these important facts to every person around Jacksonville suffering with chronic disease. He claims that almost all chronic cases are functional troubles that can be relieved unless the tissues are too much destroyed. You will have to come to him for a personal examination. He never accepts cases unless he has seen and examined the patient. He must know the condition of the blood, the heart, nerve power and circulation. He undertakes no case by mail. He receives many letters from people wanting him to send them treatment. He will not do so without personal examination. He cannot afford to take a case unless he feels sure of helping it. His reputation and the reputation of the Neuropathic system of treatment are at stake. He wants to call special attention to chronic eye troubles, deafness, catarrh and throat troubles. He has given relief to many cases since he has been coming here. The Neuropathic system of treatment is a treatment above other treatments in these troubles. He will give personal examination and his services FREE on this trip. Please remember the date and send word to your neighbors and friends of this visit. There may be some of them suffering with chronic trouble that is gradually day by day sapping their vitality. They do not know where to go for relief or what to do. Give them a chance and see if this treatment won't help them. Dr. Gable sees each patient himself, and each one is treated with the greatest of confidence. He invites you to call. WORLD'S LATEST FINANCIAL AND MARKET NEWS

COURT'S DECISION

GIVES STOCK LIST

INITIAL SETBACK

Further Heavy Engagements of
Gold for Europe Also React
Unfavorably on Market

WEATHER REPORT FAVORABLE

NEW YORK, June 23.—Reaction-
ary tendencies prevailed today in
the stock market. Selling, while
not heavy was carried on steadily
embracing a wide variety of stocks.
The supreme court's decision against
the railroads in the inter-mountain
rate case, announced after the close
yesterday gave the list its initial set-
back today.

Western Railroad Stocks Heavy
Western railroad stocks especially
the Harriman were heavy at the
outset. The sensitiveness of these
stocks led to more general specula-
tive selling and eventually the whole
list was on the downward swing.
Further heavy engagements of gold
for Europe re-acted unfavorably on
the stock market. Arrangements
were made today for shipping \$8-
10,000,000 gold for Europe, one of the
heaviest day's engagements of the
movement.

Weather Report is Favorable.
The weekly weather report from
the crop regions was generally favor-
able although conditions in various
sections were adverse owing to cold
in the north and drought elsewhere.
The fortnightly report on idle
freight cars was in line with recent
indications of a slow improvement
in some branches of business. There
was a decrease in the last period of
9,468 in the number of unused

FACE DISFIGURED WITH ERUPTION

Spread Over Entire Face. Itched and Burned Terribly. Heavy White Crust. Cuticura Soap and Ointment Made Complete Cure.

810 East Elm St., Streator, Ill.—"A running sore broke out above my right eye, which spread over my entire face. It started as a small pimple. I scratched it open and the contents of this small pimple ran down my face. Wherever this ran a new sore appeared. They itched and burned terribly; I couldn't touch my face it burned so. It disfigured my face terribly and I couldn't be seen for everyone was afraid of it. It looked like a disease of some kind; it was all red and a heavy white crust on it. Everybody kept out of my way, afraid it would spread. I lost rest at night and I couldn't bear to have anything touch my face, not even the pillow. I had to lie on the back of the head. I was always glad when morning came so I could get up. It was extremely painful.

"I used ———— salve with small results. At last I thought of Cuticura Soap and Ointment and I commenced using them. I used the sample of Cuticura Soap and Ointment, one twenty-five-cent cake of Cuticura Soap and a half box of the fifty-cent size of Cuticura Ointment. It took three weeks to complete the cure." (Signed) Miss Caroline Miller, Apr. 30, 1913.

Cuticura Soap 25c. and Cuticura Ointment 50c. are sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

Hard Candies

Children always like the inexpensive but dainty and drops and sticks in air-tight glass jars. They are good for the children, too, because they are absolutely pure and fresh. A variety of flavors, all with the familiar deliciousness.

Are Your Glasses Becoming?

You don't want awkward "all eyeglasses" looking glasses.

We have made a study of facial characteristics, and select the size, style and shape of eyeglasses most becoming to the face of the wearer. There is a "knack and know how" about proper eyeglass fitting and adjusting, that we have long ago discovered.

With the glasses we make, you look well from either side.

MORTUARY

Hitt.

Elisha B. Hitt died Monday night at 9:30 o'clock at St. John's hospital in Springfield, of a complication of diseases. The remains were brought to this city Monday afternoon at 5:15 o'clock via the Wash and were taken to the Gillham undertaking establishment. Arrangements for the funeral will not be made until word is received from his sister, Mrs. Sallie Crane, of New York City.

Elisha B. Hitt was a son of Capt. and Mrs. H. W. Hitt and was born in Morgan county fifty years ago. He was reared in this county and resided in Jacksonville until about ten years ago, when he removed to Springfield, where he had been employed by the Little Livery company for a number of years. His parents preceded him in death about a year ago. The deceased is survived by one sister, Mrs. Sallie Crane of New York City; an uncle, W. D. Hitt of Merritt, and four aunts, Mrs. Nanette Matthews and Mrs. Julius Holmes of Jacksonville, Mrs. J. H. Osborn of Chicago and Mrs. Ella McCoy of Michigan City, Ind.

Baujan.

Mrs. Mary Baujan passed away Tuesday morning at 4:30 o'clock at the family residence in Arcenville, aged 72 years.

Ridgely.

Redick M. Ridgely, aged 84 years, one of Springfield's well known citizens died at 10:30 o'clock Tuesday morning following a lingering illness. He was one of the builders and first operators of the now Wash and railroad and was a personal friend of Abraham Lincoln. He was quartermaster of the U. S. army from 1861 to 1862 in Springfield and later was transferred to Memphis, Tenn., where he remained until 1865. He is survived by his widow and five children.

FUNERALS

Master.

The funeral of J. Henry Master of Bluffs, took place from the German Lutheran church Sunday afternoon in charge of Rev. Mr. Sorenson, assisted by Rev. A. J. Green. He was born April 18, 1849, being 65 years of age at the time of his death. Interment was made in the Green cemetery.

Sallee.

The funeral of Mrs. La Vesta Sallee was held Monday afternoon in Virginia, Rev. Charles E. French having charge of the services. The deceased was the fourth and last surviving child of the late Zadoc Flynn, a prominent factor in the early settlement of Cass and Morgan counties, and was 83 years of age. She was married to John Sallee, who served as a Union soldier during the civil war and died in 1869. Four children survive. Mrs. Mary Jane Garner, Pittsburg; Miss Lucinda Sallee, California; Miss Josephine and Henry at home.

TENDER FAREWELL RECEPTION TO REV. AND MRS. G. W. BURNETT

Pastor of Lynville Christian Church Is Soon to Leave for Wisconsin—Receives Best Wishes of People of Community.

Members of the Lynville Christian church gathered at the parsonage Tuesday evening for a farewell reception for the pastor and his wife, Rev. and Mrs. G. W. Burnett, who are soon to leave to take up their work in Suring, Wis.

About 140 persons were present and the evening was a most delightful one. As last night was practice night for the Lynville band, the members furnished an excellent program of music at the reception, which was thoroughly enjoyed. Rev. P. Doan of Farmington gave an able address, Miss Wilson delighted the gathering with a reading, and Rev. Mr. Burnett gave a few appropriate remarks.

C. H. Gibbs, chairman of the official board of the church, acted as chairman for the evening. At the close of the program light refreshments were served and a very pleasant social hour was enjoyed, when the best wishes of the Lynville people were extended to the pastor and his wife for every success in their new field. Rev. Mr. Burnett has been pastor of the Lynville Christian church for the past two years and both he and his wife have been deservedly popular among the people of that community.

V.D. WILSON AND MARY CONLEE

PLIGHT TROTH IN PRETTY RITE

Ceremony Said by Rev. W. R. Johnson of White Hall in Presence of Small Number—Young People Leave on Trip to St. Louis.

The marriage of Miss Mary Frances Conlee and Mr. Verner D. Wilson was solemnized at 8 o'clock Tuesday evening at the home of the parents of the bride, the Rev. William R. Johnson, pastor of the Baptist church at White Hall, officiating. The ceremony was a simple one and was witnessed only by relatives and a few immediate friends of the bride and groom. The young people left later in the evening for St. Louis on their wedding trip. After July 15 they will be at home to their friends at 704 South Clay avenue. Following the ceremony an elaborate luncheon was served the guests in the dining room, appropriately decorated for the occasion.

The young people were attended by Miss Dora Conlee, sister of the bride and Leonard Acord, the bride's cousin. They entered the parlor as Miss Virginia Conlee played the wedding march from Wagner and plighted their troth beneath a bow of greenery, illumined with colored lights. The bride wore a gown of white satin and carried white roses. The bridesmaid carried a large bouquet of pink carnations. The ring ceremony was used. Both bride and groom are held in the highest respect throughout the community and will receive the congratulations of many friends. Mr. Wilson was reared and educated in the county and is esteemed for honesty and uprightness by friends and business associates. He is the son of Mr. and Mrs. David Wilson of Murrayville and was educated in the schools there and in the Jacksonville Business college. He is employed by T. M. Tomlinson.

The bride is a daughter of Mr. and Mrs. A. D. Conlee, 623 East College street. She was reared in Palmyra and for the past three years has resided in this city, attending also the Business college here. For a considerable period she was employed in the real estate office of T. H. Buckthorpe. Endowed with a charming disposition and genial manner, she has formed many friends in Jacksonville and will receive sincere wishes for a life of happiness.

Among the guests present from away were Mr. and Mrs. David Wilson and Miss Lena Wilson, Murrayville; Mr. and Mrs. Everett Peak, White Hall; Miss Virginia Conlee, a cousin of the bride, Waverly; Mr. and Mrs. L. Z. Virgin, Murrayville; Miss Clara Dicks, Miss Celia Roberts and Mrs. Hattie Solomon, Palmyra.

MATRIMONIAL

Widenham-Whitely.

A telegram received Tuesday by Dr. and Mrs. J. C. Widenham of West College avenue, announced the marriage of their son, William Whitely Widenham, to Miss Grace Virginia Whitely, the only daughter of Mr. and Mrs. H. W. Whitely of Los Angeles. The wedding took place Monday, June 22, at the Whitely summer residence in Vannoy, Cal., and was performed by Rev. W. E. Edmonds, pastor of the Glendale Presbyterian church. The groom is successfully engaged in the insurance business in Los Angeles. After a short wedding trip on the Pacific coast, they will be at home in Los Angeles.

Wiegand-Toussaint.

The marriage of Mr. Edward W. Wiegand and Miss Pauline Toussaint took place Tuesday evening at 8 o'clock at the parsonage of the Salem Lutheran church, the pastor, Rev. J. G. Kueppler, officiating. The attendants were Miss Cornelia Wiegand, a sister of the groom and Mr. William Bertram.

The bride is the daughter of Mrs. Pauline Toussaint, 942 North Main street, and the groom the son of Mr. and Mrs. George H. Wiegand, 215 South Hardin avenue. Both young people are most favorably known and are held in high esteem. They are members of the Salem Lutheran church and of the Lutheran Walther circle, the groom having been president of the circle for a number of years. He is proprietor of the Wiegand Meat Market on East State street and is accounted a business man of ability.

Following the marriage a reception was held at the home of the bride's mother, where the young people expect to make their home for awhile.

Spears-Batty.

Mrs. T. J. Spears of 210 North Prairie street has received a message from Ottumwa, Iowa stating that her son, George, was married at that place to Miss Pearl Batty of this city. They will reside in Des Moines, Iowa where the groom has a position with Swift & Co.

RAIN IS INVALUABLE.

G. H. Hal Records 1.03 Inches of Precipitation—Light in Parts of County.

George H. Hall, weather observer at Alexander, recorded 1.03 inches of rain for Monday night and Tuesday. The rain was most valuable to the crops, which were badly in need of moisture.

Although the rain in parts of the county was heavy, in some places there was hardly enough to settle the dust. One mile south of Nichol's park there was only a slight precipitation, while at Murrayville and Woodson a good rain was had. North east of Alexander was another of the places where the rainfall was slight. Winchester, Bluffs and Chapin had a hard rain Monday night and a shower Tuesday morning, but at Glasgow there was little or no rain.

TO VISIT IN KENTUCKY.

Miss Esther Antrobus of Chapin will leave Thursday for Louisville, Ky., where she will visit her sister, Mrs. Funk. From there she will visit other places of interest.

D. O. K. TEAM MAY ENTER AT CHICAGO CONTEST

Knights of Pythias Will Celebrate Their Golden Jubilee Anniversary Sept. 5-6-7—Members of Ilderim Temple Hold Meeting Last Night.

A special meeting of Ilderim Temple No. 62, D. O. K. K., was held last night. A letter was read from Superior Representative W. G. Edens of Chicago inviting the Pythian lodge and D. O. K. K. members to attend the golden jubilee celebration in Chicago Sept. 5-6-7. A communication was also read from Dr. H. W. Pierson, Royal Viceroy, Chicago Temple, stating that plans were under way to hold the competitive drills for the D. O. K. K. teams at the White Sox ball park Saturday, Sept. 5. The day will be known as the Golden Jubilee Field day and it will be accompanied by fire works, music by two bands, acrobatic feats and other forms of amusement. Cash prizes or valuable banners will be awarded as first, second and third prizes.

A committee was appointed to correspond in regard to the matter, consisting of R. I. Dunlap, deputy Imperial Prince, chairman; Capt. A. J. McCarthy, Royal Viceroy; L. B. Turner, J. B. Siebert, grand representative of Jacksonville lodge No. 152; J. F. Claus, grand representative lodge No. 376.

On Saturday evening there will be initiated a page class of 2,500 at Medina Temple. Church services will be held Sunday at the auditorium. Monday afternoon a monstrous fraternal parade on Michigan avenue will be held. Monday evening there will be a ceremonial by the Chicago lodges.

NOTICE B. P. O. E.
Regular meeting, Initiation tonight 8 o'clock. All visiting brethren welcomed.
M. W. Osborne, E. R. B. G. Graff, Secretary.

REVISING BORROWERS' LIST
By cancellation of all public library cards issued more than four years ago and re-registering when necessary, the librarian is weeding out the non-used cards and greatly simplifying the list of borrowers. Expired cards to the number of 2350 have been cancelled. Those who are still patrons of the library are re-registered and given new cards. Besides eliminating those which are no longer in use, this method enables the librarian to keep account of changes in address, etc.

At the time of the annual report a few weeks ago there were 5712 borrowers' cards on file at the library.

TO HOLD REGULAR SHOOT.
The Nichols Park Gun Club will hold one of their regular shoots this afternoon at the park commencing at 1:30 o'clock.

Putting Up Fruit

This is not an extra good season for "canning fruit" but no doubt you will make a few jars of jam or jelly anyhow. Currants, raspberries, and blackberries are in season and we have the jars, caps and all other needed accessories.

REMEMBER, there is no need to stand over a hot stove this summer preparing the family meals. You can get a wide variety every day from our delicatessen department.

SOCIAL EVENTS.

Tuesday was the fifth birthday of little Harold S. May, and in honor of the event about thirty of his friends gathered at the home of his parents, Mr. and Mrs. Fred O. May, 913 South Clay avenue, to help make merry the occasion. Games and all sorts of amusements were indulged in by the children and prizes were awarded to Vivian Skinner and Walter McDougall. Among those present from away were Pauline, little daughter of Mr. and Mrs. Walter Cassell, Chicago; John Roberts, and Pricella Smith, son and daughter of Mr. and Mrs. Roy Smith of Bloomington.

The teachers and officers of the Sunday School of the First Baptist church held their last monthly meeting until next September, Thursday evening. The banquet was served at 6:30 and it was a large number who sat down to the tables and enjoyed the splendid repast.

Carl Weber, president of the class was introduced as toastmaster and the following program was given:
Vocal solo, "I Hear You Calling Me,"—Mrs. Thomas Harber.
"What can we do to help our pastor?"—Mrs. A. B. Williamson.
"What our Pastor can do to help us?"—C. H. Story.
"The outlook"—Mrs. Percy Stevens.
"The work of the Sunday school"—Dr. G. H. Kopperl.
"Address by pastor"—Rev. Percy Stevens.

The affair was one of the most delightful in the history of the Sunday School workers. The banquet was prepared by Mrs. W. T. Spire, Mrs. Jerry Cox, Mrs. S. W. Ingalls, Mrs. E. W. Crawford. The young ladies who did the serving were members of the Sunday school class taught by Miss Carrie Spire as follows: Misses Irene Cox, Helen Ingalls, Bertha Austin, Marie Thompson and Mrs. Walter Huff.

Miss Amy Onken of Chapin will give a kitchen shower today in honor of Miss Jo Funk, who is to be married July 15 to Mr. Lloyd Ross of Manchester. On Monday June 29, Miss Margaret Eagan will give a linen shower for Miss Funk.

MAPLE GROVE DEFEATS WOODSON.

The boys of the Maple Grove school went to Woodson Tuesday on a hay wagon and played an exciting game of baseball with a Woodson team, the contest ending with a score of 15 to 14 in favor of the Maple Grove players. The game went eleven innings. The local boys were taken to Woodson by Fred Crabtree and returned Tuesday evening. The Maple Grove lineup was: Glidden Reeve, p; Arthur Green, c; David Gustafson, 1b; Harry Sandberg, 2b; Virgil Skinner, ss; Harold Sandberg, 3b; Roscoe Smith, rf; Franklin Mathews, cf; and Merrill Curtiss, lf.
